Soft Skill Development Facilities

The institute has been conducting Soft Skills Development Program successfully in our organisation. This has given great exposure to our students coming from rural background to develop their personality and confidence. This program includes training in self-awareness, success, confidence and motivation, communication skills, assertiveness, presentation skills, interview techniques, emotional intelligence, goal setting, SWOC analysis, decision making along with need-based trainings. Every year students of our college derive benefit from this program.

About Civil Consultancy Cell

The Department of Civil Engineering has been in the forefront, since its inception, in offering its expertise to provide solutions to the field problems. Many public sector undertakings and private companies consult the Department for technical advice. Highly experienced and dedicated faculties are the icons of our Institute. The Department has also excellent interaction with various Departments and several Municipal bodies and Urban Development Authorities.

The department carries out various activities such as Building Material Testing, Structural Designs for different types of buildings and Consultancy

Consultancy

- Consultancy work carried out for the Structural Stability assessment of three Buildings at Indian Coast Guard Daman, February-2021.
- Consultancy work carried out for the Structural Stability assessment of School Buildings at Father Angelo School in Daman, May-2021.
- Consultancy work carried out for the Designing of Retaining wall at Indian Coast Guard Daman, January - 2019.
- Consultancy work carried out for the Designing of Industrial Building at Indian Coast Guard Daman, February-2020.
